We love working with Kalob, a man of great integrity. Follows up quickly! His crew is polite and always leaves behind a clean area. He is our go to guy!

We had a shower remodel done, and these guys were great. They were super nice and always kept me updated and always showed when they said they would. They did great work. Highly recommend!

we truly enjoy working with Double K Construction on projects to install the septic. It is always a smooth transaction, well organized and first class service.
